

Dear Parent or Guardian:

I am always looking for outstanding resources to use in the classroom, and NATIONAL GEOGRAPHIC EXTREME EXPLORER is one of the best.

EXTREME EXPLORER is a classroom magazine that builds your children's reading skills while it teaches them the science and social studies content and the vocabulary they need to succeed in school. And it does this with great stories, vivid photographs, and instructive maps, charts, and diagrams. The kids love it, and I love how it excites them about learning.

Due to funding limitations, I need to ask for your help in purchasing this wonderful resource for our class. The cost is only \$4.00 for the entire school year, but the benefit to our students is worth much more.

I hope you will help me bring the world to your students with NATIONAL GEOGRAPHIC EXTREME EXPLORER.

Sincerely,
