Dear Parent or Guardian:

I am always looking for outstanding resources to help my students develop their reading skills, and **NATIONAL GEOGRAPHIC YOUNG EXPLORER** is the best classroom magazine for building these skills.

YOUNG EXPLORER not only develops reading skills; it also teaches the science and social studies content needed for success in school. And, it does this with great stories, award-winning photographs, and instructive maps, charts, and diagrams. Kids love it, and I love how it gets them excited about reading and learning. I also love how **YOUNG EXPLORER** has no advertising in it so I can be sure it is always suitable for my students.

The cost is only $4.27 for the entire school year, but the benefit to our students is worth much more. That's only 60 cents per issue! Please send a check to school with your child for this amount so we can continue to learn from **YOUNG EXPLORER** all year long.

NATIONAL GEOGRAPHIC YOUNG EXPLORER brings the world to our classroom by taking us on amazing adventures. We learn about our planet and the people, plants, and animals that live on it. Together, with the help of **NATIONAL GEOGRAPHIC YOUNG EXPLORER**, we will "dare to explore" our world and all that is in it.

Sincerely,

Please complete this form and send it back with your student:
