

# ANIMAL ADAPTATIONS

Use Internet or library research to complete the chart below. Use the giraffe as a model.

Animal	Animal Classification	Where it Lives	What it Eats	Body Part Adaptations	Behavior Adaptations	How Adaptations Help the Animal Survive
 <b>GIRAFFE</b>	Mammal	Grasslands of Africa	Leaves from shrubs and trees	Long legs, long neck, long tongue, good eyesight	Live in herds	Height and long tongue help it reach food; living in herds provides protection

## MODERN ANIMAL

## PREHISTORIC ANIMALS

 <b>TYLOSOSAURUS</b>						
 <b>STYXOSAURUS</b>						
 <b>CRETOXYRHINA</b>
