Travel to our comfortable tented camp located in the heart of the wildlife reserve. Enjoy a wildlife safari drive this evening, then settle back at the camp and enjoy views overlooking the plains of the reserve.

Then we'll make our way into the reserve for an afternoon wildlife safari drive, with excellent chances of seeing the Big Five: buffalo, elephant, leopard, lion, and rhino.

Your G for Good Moment: Clean Cookstove Project Visit

Visit a Maasai village in the Monduli District and witness the benefits of the G Adventures-supported Clean Cookstove Project. In Tanzania, 95% of people rely on cooking with wood and coal. Women and girls spend hours walking to collect wood every day (making them vulnerable to assault and unable to use their time to go to school). Indoor smoke from open-fire stoves causes cancer, emphysema, pneumonia, blindness, and burns. Take a guided tour of these villages and meet the women that have been trained as stove engineers, visit bomas (traditional homes), and observe (or get your hands dirty) by helping the Stove Team build a stove in a home. See the beneficial impact of the clean-burning stoves on the health and daily lives of the Maasai villagers, especially the women.

Your Journeys Highlight Moment: Clean Cookstove Project Talk

G Adventures has partnered with the Masai Stoves and Solar Project to install more efficient cookstoves across the Serengeti in order to cut down on smoke-related illnesses. Enjoy an exclusive talk with some of the "Masai mamas" and learn how their lives have been impacted and their community empowered.

Olduvai Gorge Museum

Olduvai Gorge

The Olduvai Gorge is a steep ravine in the Great Rift Valley of Tanzania. It is one of the world's most important paleoanthropological sites. Beginning in 1931, excavations by Louis Leakey revealed evidence of early man dating back nearly 2 million years. Visit the Olduvai museum and see bone fossils and fragments of ancient stone tools. This UNESCO World Heritage site provides an intriguing glimpse into the origin and evolution of man in these Serengeti Plains of Africa.

Important Notes

1. MIGRATION

Tanzania and Kenya

The Seronera Plains, which lie in the southeast of the National Park and extend into the western Ngorongoro Conservation Area, form the main ungulate calving grounds of the Serengeti. The wildebeest typically disperse into the Seronera plains during the short rains, which fall in late November or early December, before calving in January, and staying put until the end of the long rains from January to early May. Towards the end of April the wildebeest start to congregate on the southern plains in the preparation for the 800km northward migration. The major obstacle faced by the wildebeest on this migration is the crossing for the Grumeti River through the western corridor, which typically occurs from June into early July. From July to October, the ungulates disperse again, with about half of them crossing the Mara River into Kenya's Masai Mara National Reserve and the remainder spreading out through the northern and western Serengeti. By late October the animals have generally started to plod back southward to the Seronera Plains, to arrive there in late November when the cycle starts all over again.

2. COMBO TRIP

DKTNG passengers will be dropped at the Namanga border crossing en route to Nairobi on day 7 to continue their journey into Tanzania. All other passengers will return to Nairobi.

This tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

3. TRAVEL DAYS

This is not a physically demanding journey; however, travelling can be difficult, as long drives and poor road conditions are the rule as opposed to the exception in Kenya. A safari is about travelling to see animals, so we cover long distances crossing the country to visit different wildlife parks. Once there, we spend the majority of the time viewing wildlife while driving in the parks. This translates to a lot of driving. Despite this, the diversity and scenery of the African landscape, the local culture and abundant wildlife are all well worth the experience.

4. ELECTRICITY

All lodges will have electricity although many work off generators with limited times.

The power supply in Kenya is nominally 240VAC, 50hz. Variable voltage, spikes and sporadic, unexpected, unscheduled power cuts of varying duration can be expected.

5. YELLOW FEVER

It may be required to show a Yellow Fever certificate upon entering the country(s) visited. Please check in with your local health expert for advice on Yellow Fever and other inoculations required for this area.

6. LUGGAGE COMPLICATIONS

It occasionally happens that luggage on international flights into Nairobi does not arrive, especially with, but not exclusive to, major airlines out of London-Heathrow or Schiphol (Amsterdam). Please be aware that this may happen, especially if you have a tight connection in either of these centres, are flying with different airlines with a connection, have a last minute flight change or re-route, or fly from or connect through another African centre. Please be prepared and keep all important documentation and valuables on your person. As well we recommend a change of clothes in your hand luggage. If unfortunately this does

happen, and your luggage does not arrive, you should be entitled to a limited initial compensation from your airline. In Nairobi, the arrival of lost luggage normally takes between 48 and 72 hours after the initial plane's arrival. The airlines technically should be responsible to forward your luggage to you, to your hotel or elsewhere in Kenya. You may find that your tour will begin, and you still have not received your luggage. Considering that the customer service standards in Kenya are different from home, and that we find that the airlines are not always pro-active in helping luggage in its care be reunited with its owner, it is recommended that you purchase locally a few needed items, begin your tour, and hire someone locally to persist with the your airline to retrieve your luggage. Your CEO or local representative will be able to help you organize this, and once your luggage is retrieved, it should be able to be forwarded to you - depending where you are. Please note that any costs that you may incur for luggage retrieval or sending luggage are not the responsibility of G Adventures, though we will always strive to assist you in any way possible. You should always keep all receipts and documentation, and contact your airline or insurance provider for reimbursement.

7. FLYING THROUGH LONDON-HEATHROW TO EAST AFRICA?

Please note that regardless of the rules in other centres, travellers flying from, or connecting in, London-Heathrow are currently only permitted one carry-on piece of luggage and one small personal bag (purse, laptop-size bag, briefcase) on board on flights to Nairobi. If you arrive to the security gate with 2 pieces, you will be forced to check-in one of them, which may result in complications noted above. This policy is in place as of the time of writing, though local rules and regulations may indeed change. It is thus advisable to contact your airline directly for the most up-to-date information.

8. ACCOMMODATION

Please note all accommodation is not guaranteed, and is subject to change.

Group Leader Description

Throughout the entire 14-day journey in Kenya and Tanzania, you will be accompanied on your trip by a G Adventures Chief Experience Officer (CEO). The Chief Experience Officer (CEO) will be the group manager and leader. He/she organizes the trip, and will be there to assist you when needed. Your leader may be Kenyan or Tanzanian respectively on each of the sections or the same person for both sections. He/she will have a general knowledge base of the region and wildlife and will take care of the small things so you can concentrate on enjoying your adventure. To round out the team, our skilled and experienced drivers are also certified safari guides. You will have two different drivers - a Kenyan who knows the roads, conditions, and wildlife in his country, and a Tanzanian who is the expert in his.

Please note all bottled drinking water will be at your own expense.

Transport

7-seat 4x4 safari vehicle, private minibus, walking.

About our Transportation

This trip is done in private 7-seat 4x4 safari vehicles, with sliding windows and a large pop-up roofs, these vehicles are designed for wildlife viewing. Road conditions can run the full range of conditions from new to very poor, and during the dry season especially, the roads can become very dusty. This style of travel is the best under the local circumstances, as the seats are comfortable and having our own private vehicle allow us the flexibility of making stops when needed, and to stay and watch that crouching lion prepare for an attack. The journey between Kenya and Tanzania will be done on a private mini bus, varying in size depending on the group size. If you are returning to Nairobi from Arusha at the end of your safari and have pre-booked your "shuttle" transfer through G Adventures, you will travel in a public shuttle; these are large mini buses with seating for 22-24 passengers.

Speed governors set to 80kph are used on all vehicles to ensure a safe driving speed. Please note for your own safety it is mandatory to wear your seat belt at all times when in a vehicle.

All G Adventure vehicles are regularly serviced and follow a strict maintenance schedule. However given the long travel days and rough conditions of many of the roads in Africa, vehicles can and do breakdown on occasion. If such situations occur all drivers are trained mechanics and any vehicle issues are rectified as quickly as possible so as to not disrupt your trip. Your patience is requested if the vehicle you are traveling in happens to encounter a mechanical fault.

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Accommodation

Hotels (3 nts), safari lodge (1 nt), comfortable tented camps (8 nts).

My Own Room

Please note if you have booked the My Own Room/Tent option for this tour, you will receive your own single accommodation for all night stops.

About Accommodation

Start and end hotels on this tour offer comfortable accommodations with en-suite bathrooms, standard facilities, and wifi. Additional amenities vary from location to location. Please see the hotel listings on the Full Itinerary if you would like to learn more about the offerings of your accommodations.

The tented camp accommodations on this tour are situated centrally, with easy access to the park for wildlife safari drives. Tents are typically spacious with mosquito-proof netting, comfortable bedding, and en-suite bathroom with flushing toilets and camping showers.

Please remember that hotel/lodge/camp standards can be different from what you are used to in your home country, which is part of the appeal of adventure travel.

Note:

- 1) Under certain circumstances we reserve the right to change accommodation and provide something slightly different to what is described, though it will always be of similar or better standard/level.
- 2) Most lodges and camps do not have 24hr electricity - they usually run on generators which are routinely shut off overnight from approximately 10pm to 5am.
- 3) Lodges and camps are NOT equipped with fans or air conditioning due to the electricity constraints listed above.

Finishing Point Instructions

This tour ends on day 13. You are free to depart any time this day.

Kilimanjaro International Airport is approximately 40km and 40 minutes from Arusha. A taxi is 50-60 USD per car, but we recommend that you contact your airline in Arusha, as some airlines may have a free airport shuttle from Arusha.

If you are returning to Nairobi, Kenya, there is a public shuttle bus that leaves Arusha at 8:00am and 14:00pm daily to Nairobi. It is a direct bus, and with border formalities, the trip usually takes 6 hours. Our finishing point hotel offers this service with their own buses, and this can be organized the evening before at your hotel. In addition, for your convenience, you may pre-reserve a seat on our partner shuttle service through G Adventures.

What to Take

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase, sports bag, or backpack, no larger than 30cm(height) x 30cm(width) x 60cm(length), maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced, and due to limited vehicle capacity, the cost of transporting any luggage beyond these restrictions is the responsibility of the client. Please note, if you are travelling with a large amount of luggage and will be returning to Nairobi later in your trip, you may leave a portion of it at the start hotel, this is indeed possible as storage facilities are available.

It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. Light, quick-drying, practical clothes are advisable for this safari trip. A set of smart casual clothes is also advisable for your time in Nairobi and Arusha.

Laundry

Laundry facilities are offered by some of our hotels and lodges for a charge. You should write a list of items that you send for washing. It will be difficult for hotels to have your laundry ready if you arrive in the late afternoon and leave the next morning, so the lodges in the Masai Mara and the Serengeti would be best, since you are in each of those locations for at least 2 days.

Visas and Entry Requirements

All countries require travellers to have a valid passport (with a minimum 6 months validity).

The Kenyan Government has introduced an electronic visa process with effect from July 2nd. Travellers wishing to enter Kenya need to visit www.ecitizen.go.ke and follow instructions for processing their electronic visa in advance of their arrival into Kenya. As this measure was introduced with little advance notice, there is a grace period where travellers may continue to apply upon arrival into Kenya for their visa. You can obtain a visa for US\$50.

A visa for Tanzania can be obtained when entering the country by land with the group, for most nationals for a standard fee of US\$50, though the current cost of a Tanzanian Visa for U.S. nationals is \$100. The border post we cross to enter Tanzania is called Namanga. This is also valid for up to 3 months, with multiple entries among Uganda and Kenya permitted. Please note that Kenya is now strictly enforcing a "blank pages, condition of entry". All those requiring a visa on arrival must have at least two blank pages available in their passports. Failure to meet this requirement could mean that entry will be refused. This information is accurate at the time of writing. Though as fees and policies can change, we highly recommend that you contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your responsibility to have the correct travel documentation.

East Africa Tourist Visa

An East Africa Tourist Visa allows the holder to move freely between Kenya, Rwanda and Uganda with only one Visa, and is valid for a period of 90 days. It also acts as a multiple entry Visa, so if you leave any of the above countries, you do not need a new Visa to re-enter (provided it is within the 90 day validity period). These need to be applied for in advance, and you should contact the foreign Embassy (of the country you will be entering through) for more details. The cost is

100USD.

Please see below for more information:

IMPORTANT NOTE

It may be required to show a Yellow Fever certificate upon entering the country(s) visited. Please check in with your local consulate and health expert for advice on Yellow Fever and other inoculations required for this area.

Detailed Trip Notes

American Dollars that are series 1999 or earlier are not accepted and very difficult to change in Southern and Eastern Africa, because of past forgeries.

REGIONAL INFORMATION

Climate

There are generally two rainy seasons - the short and the long rains. The short rains normally occur from late October through November, and the long rains from late March through to early June. A good time to visit is between late June and October when the rains have finished and the air is coolest. Alternatively, from late December to early March is another good time to visit, just after the short rains, but before the long rains; this is the warmest time of the year. The highest season for travellers into the region is in January and February, when the hot, dry weather is generally considered to be the most pleasant. During the rainy season it can be deceptively cold at times and evenings can be cool year round, so ensure you have adequate warm clothing such as a fleece or warm sweater.

Electricity

The electric current in Kenya operates on 220 volts. Electric plugs types come in at least four sizes and vary throughout the country, however, the two rounded pin standard plug is acceptable in most parts of the country. 3 pin square plugs are most common. The electric current in Tanzania operates on 230V, 50Hz.

Language

The official languages are Swahili and English. There are also numerous dialects spoken throughout.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

The local currency in Kenya is the Kenyan Shilling (KES, or KSH)., and in Tanzania is the Tanzanian Shilling (TSH).

Each of the countries visited on this tour has their own currency, and all can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need for each country.

The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Departure Tax

USD30, usually included in most international air tickets.

Tipping

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5-10 USD (per day)
Driver: \$5-10 USD (per day)

Local guides: \$1 USD (per couple of hours)

Safari Supply Driver (Serengeti Balloon Ride): \$3-5 USD (per full day)

Restaurant/café servers: 10% of the cost of the bill

Optional Activities

Nairobi

- Karen Blixen Museum (34-73USD per person)
- Railway Museum (6USD per person)
- The Carnivore Restaurant (51-82USD per person)
- National Museum (21-33USD per person)
- David Sheldrick Elephant Orphanage Visit (26-65USD per person)

Masai Mara

- Masai Mara Balloon Safari (599USD per person)

Serengeti National Park

- Serengeti Balloon Safari (599USD per person)

Arusha

- Ilkidinga Village Hike & Visit (110-185USD per person)
- Arusha Cultural Heritage Centre (Free)
- Arusha National Park Tour (200-500USD per person)

Health

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2017)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Namibia
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

Trip Specific Safety

Nairobi

- Always leave your passport (It's better to carry a photocopy of it instead), traveller's cheques, flight tickets and money that you won't be using in the safe deposit in your hotel room/reception. This is free of charge to G Adventures Adventure clients.
- Remember that like in any other city, you should never leave your bags unattended, nor flaunt jewellery, cameras etc
- Please don't wander through the city at night. Stick to the main streets only during the day, and after sundown, please take a taxi. Taxis can be organised from reception of your hotel. Also, take the address of the hotel with you.
- People are generally friendly, but don't let people take advantage of you, especially the sales people!
- Beware of people approaching you on the street with an apparent interest of where you are from, and want to sit down and have a chat with you. These people are most likely con men and try to get money from you in one way or another
- People on the street who ask you if you want a safari and have a brochure are often con men, best to avoid these folk. Besides, you're already on safari!

Arusha

Many of the above precautions should also be taken in Arusha, however this town generally has a more relaxed and friendly vibe. But due to carrying 70% of the tourism in Tanzania, there are many beggars, street sellers and safari touts. These are best avoided by a polite but firm NO THANK YOU!

Photography

Please refrain from taking photos of police stations, airports, bus stations, immigration and border crossings, army barracks and personnel, or any government building. It is against the law and will result in the minimum of your film and camera being confiscated.

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

Planeterra-The G Adventures Foundation

Planeterra also works to ensure these businesses have a thriving customer base by integrating programs into G Adventures' itineraries globally.

G Adventures is Planeterra's largest corporate donor, covering all operating costs so 100% of your donation will bring opportunity to people in need.

Dollar-a-Day Program

G Adventures' Dollar-a-Day Program provides travellers with the opportunity to give back to the people and places visited on our tours by donating one dollar for every day you are on trip. 100% of these donations go directly to support community development projects worldwide that are implemented by Planeterra.

Feedback

After your travels, we want to hear from you! Your feedback information is so important to us that we'll give you 5% off the price of your next G Adventures trip if your feedback is completed on-line within 30 days of finishing your trip. Your tour evaluation will be e-mailed to you 24 hours after the conclusion of your trip. If you do not receive the tour evaluation link in the days after your tour has finished, please drop us a line at customerservice@gadventures.com and we will send it on to you.
